T *HIS Book contains an Account of the Valuations of all the Ecclesiastical Benefices in England and Wales, which now are charged with the Payment of First-Fruits and Tenths; or were lately discharged from any Payment to those Revenues, on account of the Smallness of their Income; and which are for the same reason entitled to receive the Benefit of the Royal Bounty, in such Proportions, and according to such Appointments as are set forth in the excellent Rules of the Corporation founded and constituted by Her late Majesty Queen ANNE for that Purpose*.*

The Author (in order to render this Work more compleat than any thing hitherto publish'd relating to these Affairs) has taken a particular care to insert the Names of the PATRONS of the several Benefices under their respective Churches and Chapels. He has also added an Account of PROCURATIONS and SYNODALS, extracted from the Records in the Reign of Henry VIII.

And as a farther Advantage, the Names of the SAINTS to whom the Churches or Chapels are dedicated, are placed immediately after the Rectorys, Vicarages, &c. For this, the Editors are obliged to that Learned and Communicative Antiquary BROWNE WILLIS Esq;

As the Corporation above-mentioned, founded by the late Queen ANNE (under the Royal Protection and by the most Gracious Favour of His present Majesty King GEORGE) continues to make considerable Advances in the augmenting small Livings; so every Year will afford fresh Supplies towards the Increase of that poor Maintenance which was left to the Clergy (in many large Cures) before the Reformation, and continued in the same manner ever since.

Whoever will compare the Greatness of the Duty in many Market-Towns, and other considerable Parishes, with the Smallness of the Recompence for performing such Duty, will, from the great Disproportion of one to the other, be easily convinc'd of the Necessity of establishing some Method for the better Support of Persons officiating in such Cures. And if it be observed that the Method made use of for redressing this Grievance, is, by supplying the Wants of

A 2

the poorer Clergy from a Tax on that Part of their own Body from whence it can Best be spared, and that No Burthen is imposed on the Laity for that Purpose: Every Clergyman competently beneficed being a Contributor to the supplying the Wants of his Brethren, by a twofold Tax upon his Benefice; and that whatever farther Addition to that Charity is made, It proceeds wholly from the free Will of well-disposed Persons voluntarily contributing thereunto: These things consider'd, we may reasonably hope the same Method will continue to late Posterity, who may look back with Pleasure on the Present Age, which has so peculiarly distinguish'd itself, in carefully supplying those Defects which were overlook'd in the earlier Times of the Reformation, when a Design of this Nature might have been carried on with much less Difficulty, by restoring some of the Tithes and other Spiritualities to those Uses for which they were originally settled on the Church; but by Popish Usurpations were first alienated from the Secular Clergy, and then by Bulls and other Devices being establish'd for the better Support of Romish Superstition and Monastick Luxury, a Redress of such manifest Abuses of the Church Revenues, as well as a Reformation in Doctrine and Discipline became necessary: But at the Reformation it so unhappily fell out, that these Revenues when separated from the Abuses made of them by the Popish Powers, were so far from being restored to the truly useful and pious Purposes they served before, That instead of their being applied to the Support and Encouragement of the Parochial Clergy, the true and proper Use that should have been made of them; They were most of them dispos'd of by the Powers in being, from time to time, among the Laity, and became Temporal Properties, and so continue.

And what abundantly adds to the Hardship of the Case of many Incumbents of Improprate Cures, is, That the discretionary Power which before the Reformation was lodg'd in the Bishops, of augmenting (as they should see Occasion) the Incomes of Vicars and Curates; This Power (I say) which in the Popish Times, though in many Cases put in execution with very good Effect, yet (by some Means or other) after the Reformation became of little Effect. The Lay Impropriators of many large Cures became empower'd to receive and enjoy 3 or 400 l. per Annum in Tithes and other Spiritual Revenues, which were torn from the Clergy without any manner of Default or Forfeiture committed or possible to be committed by them, or on their Part; and their New Proprietors have ever since contented themselves to this very Day, with paying only the poor pecuniary Stipend or Pittance that was antiently allotted to the Vicar or Curate before the Reformation. This makes the Case of such poor Vicars and Curates worse (now) than it was even in the Times of Popery, when Money was of such a Value as that 10 or 12 Pounds was reckon'd a Competency equal to 90 or 100 l. now; and the Power of augmenting the Income of such Vicarage or Curacy out of the Spiritual Revenues of the Place, having been disus'd, that Stipend is now All that the poor Incumbent can legally claim.*

Besides,

* See Bishop Kenne's Case of Impropriations 8^o, London, 1704. p. 158. where it is fully made out, that Appropriations are a greater Hardship to the Protestant, than they had been to the Popish Clergy.

The P R E F A C E.

v

Besides, in many Cases, the officiating Clergy hold their Benefices upon such a precarious Tenure, that the Incumbent is obliged to be satisfied, with any small Arbitrary Allowance, that shall be made him by his Impropriator; otherwise he will displace his poor Minister, and put another, who will come into a more servile Compliance, in his room. In such a Case it is not hard to guess what a poor necessitous Curate must do, who has no other Choice but to comply or starve. This Grievance arises chiefly from such Places as are exempt from all Jurisdiction of the Ordinary, and subject only to the Visitation of the Impropriator or Donor himself. Of this sort are many Livings formerly held, and now claimed under a Title derived from the Priory of St. John of Jerusalem; and many others there are, that claim Exemptions of the like kind; which in some Parts of the Kingdom are so numerous, that it is needless to give Examples of them.

Can it otherwise be expected than, that (as the Case now stands) there should be diverse mean and stipendiary Preachers in many Places entertained to serve the Cures and officiate there, who depending, for their necessary Maintenance, upon the good Will and Likings of their Hearers, should be under the Temptation of suiting their Doctrines and Teaching to the Humours rather than the Good of their Hearers? As it is most truly represented in the Act of Parliament 2^o & 3^o Annæ, intituled, "An Act for making more effectual Her Majesty's Gracious Intentions for the Augmentation of the poor Clergy." Can we suppose Doctrines and Instructions, though ever so faithfully delivered or zealously urged, to have their due Influence in such a Case?

But when a Man is to appear as a Teacher and Instructor of Multitudes, if, besides other Qualifications, he makes a suitable Figure and Appearance; if in his Habit and Mien, he appears grave and decent, without the Marks of Meanness and Poverty; if he lives among his Neighbours with Credit, free from the Pressures of Debts, and other manifold Misfortunes, the constant Attendants upon Want and Narrowness of Circumstances, his Admonitions will certainly have the greater Weight, his Doctrines make the deeper Impressions, and all his Labours may in a great Measure have their desired Effect. On the contrary, what Fruit is to be expected from the Labours of a Pastor, who (we will suppose) is willing to do all the Good he can, is contented to drudge on with his little Allowance, in hopes of seeing some good Effect from his Labours among his Parishioners, but notwithstanding his best Endeavours, falls into Contempt of the meanest of them, which his Poverty alone, without any personal Demerit of his own to add to it, is sufficient to bring upon him? In such a Case it is no Wonder that all his Endeavours to do Good in his Profession are rendred vain and ineffectual.

Instances of this kind, are (God knows) too many in this Kingdom, no County being free from some Examples of them, and in some Countries, as Wales, Yorkshire, and many others, they are very numerous.

Nothing

Nothing here said is intended in the least to impeach or bring into dispute the legal Rights of any Persons possessing such Tithes, or other Revenues that were formerly of a spiritual Nature, but are now by the Laws of This Land become the Properties of those in Possession of them: What is said concerning them, is design'd to have no other Tendency than truly to state the Condition of the poorest Clergy, in order to abate (if possible) that Spirit of grudging, which is so visible in some, and to raise in others (what at present would be very seasonable) a Desire to contribute towards that Charity, which stood in need of a Royal Heart to set it on foot, and 'tis hoped, as long as there is occasion, will never want Royal Hands to support it.

This (we hope) will likewise find other Helps and Encouragements from such other pious and well-dispos'd Persons, who will consider that a twofold Advantage will accrue to the Publick thereby, viz. The poor Clergy will be better maintain'd, and the Consequence of that must be obvious to the slightest Observer, many great Cures will be better supplied.

These are the good Effects that may be expected to spring from the late Queen A N N E's Pious Benefaction, which, with the Addition of (other) private Contributions, may to some appear a large Bounty, yet considering the great Numbers of poor Livings that stand in Need, some of them of more than two or three Allotments of the Royal Bounty to raise them to a moderate Competency of Maintenance for the officiating Incumbents, it will be very evident to all reasonable and considering Persons, that there will not be in a long Series of Years to come, any Room to resume the publick Revenues settled for this Purpose, or any Occasion for Measures to be taken to discourage well-disposed People from contributing to so noble and pious a Design.

Till a more particular and complete Account of these Affairs can be given to the Publick, it may for the present suffice to say, It will be the Work of Ages, before All the small Livings entitled to an Augmentation can receive Any Benefit or Share therefrom; and of many Ages more *, before the Income of every Living will be so advanc'd, as to afford a Competency for the Minister, supposing that Competency to amount to no more than Sixty Pounds per Annum to each Living. However distant this Prospect may be, it will notwithstanding administer Satisfaction in proportion to the Advances that from time to time are made towards it: Of the future happy Progress of which pious and useful Charity, there is no reason to doubt from so fair and prosperous a Beginning, which has appear'd in so many Instances of Favour from the Throne, and so much Encouragement from the generous Contributions of many Honourable and Worthy Persons that have become Benefactors to it.

It may seem to Some, that by reason the Corporation is yearly employing their Money (not yet laid out in Purchases of Lands to be applied to each respective augmented Living) at Interest in the Funds, they by that means are perpetually increasing their Stock, by which Increase of Stock, they may in time
become

* It will be 500 Years before all the Livings now under 50 l. per Ann. will be rais'd to 60 l. per Annum, supposing every Year there be the same Money distributed as has been for three or four Years last past.

become too considerable: To these Objectors by way of Answer, it may be proper to take Notice, that out of the Interest arising from their Monies in the Funds, there is yearly paid to each Incumbent Interest for their Augmentation-Money, which serves the poor Clergy for a present Support and Subsistence, till Purchases (which, by the way, are very difficult to be found) can be made to answer the Sum allotted to each particular Augmentation; by which Means the Increase of Money supposed to be made by the Corporation, is yearly exhausted; so that nothing is to be feared from their growing too Rich, by putting their Money out to Interest; and for the Principal, that remains with the Corporation only, till such time as the same is apply'd to answer the Augmentations, as fast as Purchases can be found out and made.

It is noted in several Places in this Book, that the Clergy are to pay their Tenth to the Bishop of the Diocese, whereof Instances are given in the Dioceses of Canterbury, Chichester, London, &c. Such Note is inserted, to the end that the Clergy who are possess'd of Livings under that Circumstance, may not be at a loss where to pay their Tenth. And it may be of some Use likewise to inform them, That where such Livings are said to be discharged, that Discharge extends only to their First-Fruits, and not to the Tenth; the latter being the Estate and Property of such Bishops to whom they are payable, are expressly saved to them (the Bishops) by the Discharging Acts.

These Tenth became vested in such Bishops, and their Successors, in Exchange for Manors and Lands alienated from their Bishoprics to the Crown, wherein an Allowance of Yearly Tenth has been made a part, or the whole of the Consideration upon such Exchanges: But 'tis well for their Lordships the Bishops that there was an End put to such Alienations, it being sufficiently manifest how much to the Disadvantage of the Bishops they were made; Manors and Lands (which have since been mightily improved) were exchanged for perpetual stated Sums arising from Tenth, Pensions, and such like Payments from the poorer Clergy, and which are frequently lost, the legal Methods of recovering them, not being in all Cases insisted on by the Bishops (the Proprietors) out of mere Compassion to the poor Condition of such as are liable to pay them.

These Alienations and Exchanges prevailed from the Year 1559, when an Act was made 1 Eliz. cap. 19. intituled, "An Act giving Authority to the Queen's Majesty, upon the Avoidance of any Archbishopric or Bishopric, to take into her Hand certain of the Temporal Possessions thereof, recompensing the same with Parsonages Improprite, or Tythes".* This Act continued in force till Anno Dom. 1603. when an Act was made (1 Jac. cap. 3.) "Against the Diminution of the Possessions of Archbishoprics and Bishoprics, and avoiding of Dilapidations of the same." Whereby these Alienations to the Crown were restrained.

Where the First-Fruits of a Bishoprick happen not to bear a just Proportion to the Tenth of the same Bishopric, such Disproportion has been occasioned (as

* Which Act of Parliament Bishop Gibson tells us in his Codex, p. 676, was never printed in any Edition of the Statutes, but is inserted in his Book, out of the Records of Parliament.

is conceived) by the like Exchange of Lands for Tenths, when a part, or all of the Bishops Tenths were thrown in to make up a Deficiency of the Recompence he was to receive in lieu of his Manors or Lands, which could not be so conveniently adjusted any other way; the First-Fruits being only accidental, and not a certain Yearly Payment, suffered no Alteration by such Exchange, but were continued on the same Foot as before.

In like manner, where the Deanry and Prebendaries of some Cathedral Churches are not charged at all to the Payment of the First-Fruits or Tenths, either the Crown has Lands, or in some Cases, a stated Sum, or annual Rent, in lieu of those Payments, as by the Charters of the new-erected Foundations, it does at large appear.

Thus much it seem'd proper should be mention'd in relation to these Exchanges, in order to account for some seeming Inconsistencies in this Book, and to clear up some things which would otherwise appear Difficulties to those who are altogether unacquainted with such Proceedings; and which, if not set in a proper Light, might in process of time be liable to greater Uncertainty and Obscurity, to the Perplexity at least, if not the Injury also, of some nearly concerned therein.

In settling and ascertaining the true Names of Places, regard has been had chiefly to the Manner Now most used, but there may be good Reasons given why in many Instances both the Antient and Modern way of writing them are retained.

The Appendix contains Directions and Precedents relating to Presentation, Institution, Induction, Dispensations, &c. and some other Matters are added, with proper References to the Authorities from whence they are taken; which it is conceived may be of very good Use. These things may serve to lead the Younger Clergy through That part of Knowledge necessary for them, which at their first setting out must appear very intricate and difficult, as they lie scatter'd and dispers'd in divers Acts of Parliament and Canons, &c. intermix'd with Matters of a quite different Nature, and which in some Instances have been render'd more intricate and obscure, through the want of Care or Judgment of Some, who have unsuccessfully labour'd to render them more plain and clear.

A LIST of BENEFACTIONS to the several Livings under-mentioned, which have been augmented by the Bounty of Queen ANNE, &c. with an Addition of 200 l. of the Royal Bounty to each Living, with the Year each Living was Augmented.

Kingston

† Shelley in the Vellum Book in *Offic. Primitiar.* is called a Chap. and the Chapel of Crawley is there joined to it, and rated with it : And there is also a Chapel of Crawley annex'd to the Rectory of Slaugbam, which makes it doubtful to which Benefice the Chapel of Crawley belongs ; there being, as it's said, but one Chapel of that Name.

BISHOPRICK of Ely.

Hervey the first Bishop 1109.

The Cathedral Church [ST. ETHELRED]

The Deanry of this Church is in the Gift of the King, and not charged with the Payment of First-Fruits or Tenths.

The Charter of the Foundation of this Deanry, and the eight Prebends, bears Date *September 10. 1541.* and is to be seen in the Rolls Chapel, or the Chapter-house at Ely. *Le Neve's Fasti*, p. 72.

There are eight Prebends in the Church of Ely, all in the Gift of the Bishop; none of the said Prebends are charged with any Payment of First-Fruits or Tenths.

N. B. The Tenths of this whole Diocese, having been long since granted to the Bishop thereof, the small Benefices therein said to be discharged, are only discharged from First-Fruits, and not from Tenths; because the said Tenths being the Bishop's Property, are still payable to him.

* Staverton—is a Peculiar of Deerhurst. These Peculiars are subject to the Bishop's Visitation, and likewise to the Arch-Deacon's: The only Difference between them and the other Churches of the Diocese is, that they will not come out of the Liberties of their Peculiar to be visited by the Arch-Deacon, though they do to the Bishop; and none of the Clergy pay Procurations or Synodals, the Impropiator of Deerhurst paying a certain Sum yearly in the behalf of them all.

† Dunstable St. Peter's.—This in Records is called *Dunstable St. Peter's*, or *St. Peter's Dunstable*, in the Town of *Bedford*; and has the name of *Dunstable* added to that of *St. Peter's*, to distinguish it (as is supposed) from another Parish in the same Town, called *Martin St. Peter's*, or *St. Peter's Martin*: but this of *Dunstable* bears no (other) Relation to the Rectory of *Dunstable*, in the Deanry of *Dunstable*, which was made a Rectory out of the Monastery there, and is about 13 Miles distant from this in *Bedford*.

‡ *Houghton-Conquest* and *Houghton-Gildaple* R. were united in the Reign of King *Charles I.* (N.)

Woughton

† *Willien V.*—augmented by Dr. *Richard Busby*, with 61 *l.* per Ann. whose Benefactions to small Livings are recorded by the Right Reverend and Learned Author of the *Case of Impropriations*, &c. p. 340. as follows.—“But the greatest Benefactor of this latter Age, was my Honoured Master Dr. *Richard Busby*, who by his Last Will and Testament, proved February 19. 1697. gave and devised all his Manor of *Willien*, in the County of *Bucks*, the perpetual Advowson of the Vicarage there, and all other Lands and Tenements to the clear yearly Value of 520 *l.* or thereabouts, (over and above the yearly Rent or Sum of 61 *l.* payable out of some part of the Premises, by virtue of a Decree of the High Court of *Chancery*, to the Vicar and his Successors) unto his Honoured and Worthy Friends the Right Honourable *Daniel* Earl of *Nottingham*, *James* Lord *Langborough*, the Honourable *Heneage Finch* Esq; &c. in Trust to pay the yearly Sum of 200 *l.* for the Relief and Support of such poor Ministers, who have a great Flock and small Revenue, under the Value of fifty Pounds a Year, and are painful and diligent in the Ministry, and are of good Life and Conversation, and do teach the Children of the Parish the Principles of Christian Religion, as they are obliged by the Rules of the Church to do. Which said Sum of 200 *l.* he would have to be Yearly distributed unto such Ministers, more or less to each, according to their known Necessities, and as the major part of his Trustees at their publick Meetings shall see meet and convenient, upon good sure Information of the Persons and their Conditions; not less than 5 *l.* at any one Time to any one such Person, nor more than twenty Pounds to any one Person in any one Year.” The said Learned Author in a Marginal Note (page 341.) tells you, the Trustees have ascertained it to 10 *l.* Yearly to each Minister, which by Decree of *Chancery* they have Power to augment as they shall see Cause; and will be enabled so to do as Debts upon the Trust expire, and Personal Annuities fall in. And this Distribution to be made yearly to poor Ministers within the Counties of *Lincoln* (his Native Country) of *Oxford* (the Place of his Education) of *Middlesex* (the Place of his chief Residence) and *Buckingham* (the Place where his Estate disposed of in these Benefactions lieth.) And his Meaning and Desire is, That his said Trustees should every third Year obtain a new List of 60 poor Ministers, out of the aforesaid four Counties, three out of *Lincolnshire* for one out of any of the other three Counties, that County abounding much more with poor and necessitous Ministers, which is a thing most deplorable and fit to be relieved otherwise, besides this his small Contribution. So that the List afore-mentioned will contain 30 poor Ministers out of *Lincolnshire*, and ten out of every other of the three remaining Counties. And for the making and renewing the said List, his Will and Desire is, That his said Trustees, their Heirs and Assigns, do request the Aid and Assistance of the Arch-Deacons and Gentry of the said several Counties, for the Knowledge of the poor deserving Ministers, in the respective Counties afore-mentioned, and thereupon make such Distribution of the said 200 *l.* a Year, proportionably and successively, some one Year, and some another Year, as his said Trustees shall in Care and Charity, Wisdom and Prudence, think best; so that all the said poor Ministers may partake of the said Charity in Proportion and Quantity according to their Needs, and the best that may be for their Comfort and Relief, &c. Besides, in a Codicil annex'd 11th of July 1693, He declares,

BISHOPRIC of St. Davids, *Esgobaeth Ddewi*.
David removed the See from *Caerleon* to *St. Davids*,
anno Domini 577, once an Archiepiscopal See, but
lost its Archiepiscopal Power about the Year 1115.

wanting to recover this Dignity; but *Wales* being
totally subdued by the *English*, and the Cause being
hung up at *Rome*, remains there undecided.

Giraldus Cambrensis in Cambr. Descript. Cap. 18.

Omniū quoque rerum quas possident, Animalium, Pecorum et Pecudum interdum Decimas, donant, quando videlicet vel uxores sibi Martiali Copula jungunt, vel peregrinationis Iter arripiunt, aut quamlibet vitæ suæ, Ecclesiæ Consilio, Correctionem assument. Hanc autem rerum suarum partitionem, Decimam Magnam vocant, cujus duas partes Ecclesiæ suæ Baptismati *Tertiam* vero Episcopo Diocesano dare solent.

Ex MSS. Doctoris Fleetwood, ut antea.

In a Decree pass'd in the Arches 1543, between the Bishop and the Rector of Easton about Laſtials, — Laſtials are thus described :

Tertia parte Decimarum (quæ vulgariter in illa Diœcesi *Asaph* Laſtialia appellantur,) viz. Lanæ, Agnorum, Vitulorum et Porcellorum infra quamlibet parochiam, infra Dioc. *Asaph* prædict. et præsertim infra Paroch. de *Easton* infra eandem Diœc. notorie sit et scituat. provenient et contingent : Exceptis solummodo Ecclesiis Præbend. infra eandem Diœc. existent. ipsamque Tertiam Decimarum partem prædict. ad eundem Rev. Patrem & et Episcopatum suum prædict. de Jure et Consuetudine spectasset pertinuisse, ac sic spectare et pertinere, debere pronunciamus, decernimus et declaramus. Nec non Consuetudinem in dicta Materia ex part. edict. Rev. Patr. alias in hac coram Nobis proposit. deduct. fuisse, et esse Veram, Justam, Rationabilem, et Legitimam, ac coram Nobis debite et sufficienter probatam, fideliter pronunciamus et declaramus.

Redibant autem ad Cantuariensem Archiepiscopum ex hac (i. e. *Asaphensi*) Diœcesi Sede vacante, ex Ecclesiæ suæ privilegio, et consuetudine per manus ductâ, Multa alia commoda dimidiata, viz. pars omnium Sacerdotiorum Pastoribus Orbatorum ^a tertia pars minutarum ut appellant, ut Lanæ, Agnorum, Vitulorum, Laſtis et cæterarum id genus decimarum ; Immò et quorumcunque Animalium quæ ij possiderunt, qui, in illa Vacatione, Matrimonia inibant ; ita tamen ut Vitulo, aut Ove unius Denarius præstaretur. Capiebat præterea ad festum diem ^b Omnium Sanctorum, hac Vacatione durante, Omnium Sacerdotiorum reliquorum Decimam, ad eum Valorem, quo singula Sacerdotia, de More in Decimis solvendis æstimabantur. Præterea qui Diœcesim Cantuariensis autoritate lustrabant et visitabant, ex qualibet Marca ^c quatuor Denarios decerpebant. Sed nec hæc Pecunia ad Itineris et Lustrationis illius Sumptus attribuebatur. Quid ? quod Rectore quovis, supremam diem, in hac Visitatione obeunte vestem Decedentis cum Equo illius instructo, Cantuariensis ex eadem consuetudine capiebat. *Nic. Harpsfield Hist. Eccles. * *Carlile* or *Carlisle*—Some have affirmed, that the Right Honourable Person who had the Title of Earl from it *Anno Dom.* 1661, was the first that inserted the Letter (S) into the word *Carlisle*, thereby to strengthen the pronunciation, and make it sound better; but this must be a Mistake, for there are several Attestations mentioned in our Histories *temp. Hen. VIII.* from authentic Copies where it is so writ—Dr. T.

But Note, that the present Bishop Dr. Bradford writes it *Carlile*, and not *Carlisle*.

APPENDIX

SE

A P P E N D I X.

N^o I.

The Arch-Bishop of CANTERBURY's Directions to the Bishops of his Province, Anno 1737. concerning Orders and Curates.

I. **T**HAT you require of every Person who desires to be admitted to Holy Orders, that he signify to you his Name, and Place of Abode, and transmit to you his Testimonial, and a Certificate of his Age duly attested, with the Title upon which he is to be Ordained, at least Twenty Days before the Time of Ordination; and that he appear on *Wednesday*, or at farthest on *Thursday* in *Ember-Week*, in order to his Examination.

II. That if you shall reject any Person who applies for Holy Orders, upon the Account of Immorality proved against him, you signify the Name of the Person so rejected, with the Reason of your rejecting him, to me within one Month; that so I may acquaint the rest of my Suffragans with the Case of such rejected Person before the next Ordination.

III. That you admit not any Person to Holy Orders, who having resided any considerable time out of the University does not send to you, with his Testimonial, a Certificate signed by the Minister, and other credible Inhabitants of the Parish, where he so resided, expressing, that Notice was given in the Church, in time of Divine Service, on some *Sunday*, at least a Month before the Day of Ordination, of his Intention to offer himself to you to be ordain'd at such a Time; to the end that any Person, who knows any Impediment, or Notable Crime, for the which he ought not to be ordained, may have Opportunity to make his Objections against him; and that upon such Notice given, no such Objections have come to their Knowledge.

IV. That you admit no Letters Testimonial, on any Occasion whatsoever, unless it be therein expressed, for what particular End and Design, such Letters are granted; nor unless it be declared by those, who shall sign them, that they have personally known the Life and Behaviour of the Person for the time by them certified; and do believe in their Conscience, that he is qualified for that Order, Office or Employment, to which he desires to be admitted.

V. That in all Testimonials sent from any College or Hall, in either of the Universities, you expect that they be signed, as well as sealed; and that among the Persons signing, the Governour of such College or Hall, or in his Absence, the next Person under such Governour, with the Dean, or Reader of Divinity, and the Tutor of the Person to whom the Testimonial is granted, (such Tutor being in the College, and such Person being under the Degree of Master of Arts,) do subscribe their Names.

VI. That you admit not any Person to Holy Orders upon Letters Dimissory, unless they are granted by the Bishop himself, or Guardian of the Spiritualities *Sede vacante*; nor unless it be expressed in such Letters, that he who grants them, has fully satisfied himself of the Title, and Conversation of the Person, to whom the Letter is granted.

VII. That you make diligent Enquiry concerning Curates in your Diocese, and proceed to Ecclesiastical Censures against those, who shall presume to serve Cures without being first duly licensed thereunto; as also against all such Incumbents who shall receive and employ them, without first obtaining such License.

VIII. That you do not by any means admit of any Minister, who removes from another Diocese, to serve as a Curate in yours, without the Testimony in Writing of the Bishop of that Diocese, or Ordinary of the peculiar Jurisdiction, from whence he comes, of his good Life, Ability, and Conformity to the Ecclesiastical Laws of the Church of *England*.

IX. That you do not allow any Minister to serve more than one Church, or Chapel, in one Day, except that Chapel be a Member of the said Parish-Church, or united thereunto; and unless the said Church, or Chapel, where such Minister shall serve in two Places, be not able in your Judgment to maintain a Curate.

X. That in the Instrument of License granted to any Curate, you appoint him, what shall appear to you, upon due Consideration of the Duty to be perform'd by him, the Value of the Benefice, and the other Circumstances of the Case, a sufficient Salary according to the Power vested in you by the Laws of the Church, and the particular Direction of the Act of Parliament for the better Maintenance of Curates.

XI. That you take Care, as much as is possible, that whosoever is admitted to serve any Cure, do reside in the Parish where he is to serve; especially in Livings that are able to support a Resident Curate: And where that cannot be done, that he do at least reside so near to the Place, that he may conveniently perform all the Duties both in the Church and Parish.

XII. I have only this farther now to recommend, That your Clergy be required to wear their proper Habits, agreeable to the Canons.

N^o II.

Directions concerning the proper Instruments to be brought to the Bishop, for obtaining Orders, Institutions and Licences; and also concerning the Things to be done after Institution or Licence obtain'd; as drawn up by the present Lord Bishop of London, and annex'd to his printed Directions to the Clergy of his Diocese in the Year 1724.

For ORDERS.

A Signification of his Name, and Place of Abode; according to the first Article of the Arch-Bishop's Directions.

Certificate of having made Publication in the Church, of his Design to enter into Holy Orders; according to the third Article of the Arch-Bishop's Directions.

Letters

Letters Testimonial of his good Life and Behaviour ; according to the Tenor of the 34th Canon, and the fourth and fifth Articles of the Arch-Bishop's Directions.

* If it be a Resignation upon a Permutation,

Being desirous to exchange my said Vicarage and Parish Church for the Rectory of M. in the County of D. and Diocese of E.

It is to be observed, that a Resignation is to be made to the Bishop or Ordinary, and not to the Patron, except the Church or Chapel be a Donative exempt, in which Case it is to be made to the Patron, in the presence of a Notary Publick and two credible Witnesses. And in Cases of Exchange, or Permutation of Benefices, on account of Health, or other Conveniencies, which the Law allows, it seems to be the most adviseable for the Parties to resign before a Notary, that their respective Resignations may be interposed before either of the Livings is declared void by the Ordinary; because it may be doubted, whether a conditional Resignation be valid or not, if the Words *purely, simply, and absolutely* be omitted; for by the Statute of the 31st of Q. Eliz. c. 6. § 8. all corrupt Resignations are strictly prohibited in the following Words: "That if any Incumbent of any Benefice with Cure of Souls, after the end of the said Forty Days, do, or shall corruptly resign or exchange the same, or corruptly take for, or in respect of the resigning or exchanging of the same, directly or indirectly, any Pension, Sum of Money, or Benefit whatsoever; That then as well the Giver, as the Taker of any such Pension, Sum of Money, or other Benefit corruptly, shall lose double the Value of the Sum so given, taken or had; the one Moiety, as well thereof, as of the Forfeiture of double Value of one Year's Profit before mentioned, to be to the Queen's Majesty, her Heirs and Successors, and the other Moiety to him or them that will sue for the same, by Action of Debt, Bill or Information, in any of her Majesty's Courts of Record, in which no Effoin, Protection, or Wager of Law or Privilege, shall be admitted or allowed."

VI. That if several Benefactors offer themselves, the Governours shall first comply with those that offer Most.

IX. Provided nevertheless, that the Preference shall be so far given to Cures not exceeding 10 *l. per Annum*, that the Governours shall not apply above † two third Parts of the Money they have to distribute that Year, to Cures exceeding that Value.

XV. That a Memorial of the Benefactions and Augmentations made to each Cure, shall, at the Charge of the Corporation, be set up in Writing on a Stone, to be fixed in the Church of the Cure so to be encreased, there to remain in perpetual Memory thereof.

XVI. When the Treasurer shall have received any Sum of Money for the Use of the Corporation, he shall, at the next General Court to be holden after such Receipt, lay an Account thereof before the Governours, who may order and direct the same to be plac'd out for the Improvement thereof, upon some publick Fund or other Security, till they have an Opportunity of laying it out in proper Purchases for the Augmentation of Cures.

XVIII. The Persons whose Cures shall be augmented, shall pay no manner of Fee or Gratification to any of the Officers or Servants of this Corporation.

*Note, If a Living of small Value be augmented either by Lot, or by way of private Benefaction, as above, which Living by such Augmentation is not advanced so, as to be of the clear yearly Value of 50 *l.* or upwards; the same Living is capable of a second Augmentation, if 200 *l.* more be offer'd the next year after such Augmentation, provided the Living after such additional Augmentation do not exceed in yearly Value fifty Pounds.*
